

EAA Chapter 1466

Presidents Squawk – June 2011

Our Young Eagles Rally on May 21 was a lot of fun. We took up 26 children from the local area for a great flight experience. The weather threatened to put a kink in the operation, but stayed good until all flights were completed. Many thanks to everyone that came out to help run the event. And special thanks to pilots Larry Montague, Brent Christianson, Gary Suko and Dean Hankins for burning up a lot of expensive aviation fuel taking these kids up. Gary and Dean flew down from Moses Lake to support our rally, so they get a 'gold star' pasted on their foreheads for the extra effort.

After the Rally we held our monthly chapter business meeting in our remodeled Chapter House. I wasn't much of a business meeting really. It mainly consisted of a great potluck BBQ and a friendly get together. The reading of the minutes at the next meeting is going to go very quickly.

THIS MONTHS MEMBERSHIP MEETING – Will be held at 10am on Saturday, June 18 in the Chapter House. This is the last meeting before our Fly-In on July 16, so that will be the main topic of discussion.

COMMUNICATIONS – We still have openings for Communications Director, and newsletter editor.

Hope to see everyone at the meeting!

RJ
